

Name _____ Formative Assessment Coterminal Angles Date _____ Hour _____

Directions: State the negative coterminal angles related to each given angle

Sketch the angle on the coordinate grid

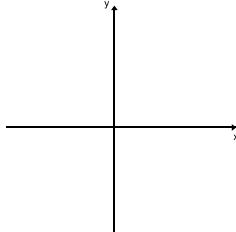

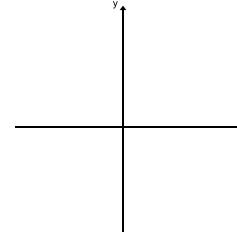

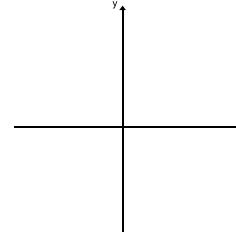

Angle 1 278°	Angle 2 $\frac{7\pi}{8}$ radians	Angle 3 5.2 radians
		

Related negative coterminal angle Related negative coterminal angle Related negative coterminal angle

Name _____ Formative Assessment Coterminal Angles Date _____ Hour _____

Directions: State the negative coterminal angles related to each given angle

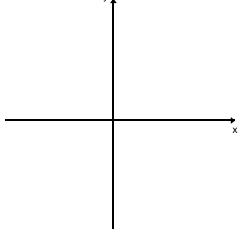

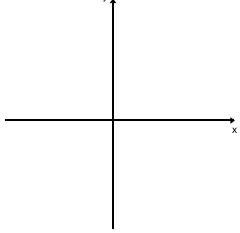

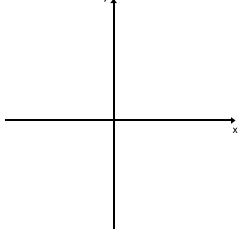

Sketch the angle on the coordinate grid

Angle 1 246°	Angle 2 $\frac{13\pi}{8}$ radians	Angle 3 2.1 radians
		

Related negative coterminal angle Related negative coterminal angle Related negative coterminal angle

Directions: State the positive coterminal angles related to each given angle

Sketch the angle on the coordinate grid

Angle 4 -94°	Angle 5 $-\frac{15\pi}{8}$ radians	Angle 6 -1.2 radians
		

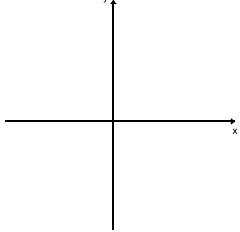

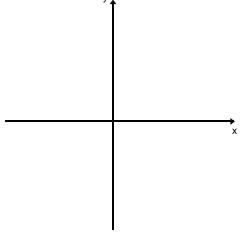

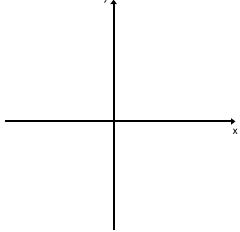

Related positive coterminal angle

Related positive coterminal angle

Related positive coterminal angle

Directions: State the positive coterminal angles related to each given angle

Sketch the angle on the coordinate grid

Angle 4 -194°	Angle 5 $-\frac{3\pi}{8}$ radians	Angle 6 -2.8 radians
		

Related positive coterminal angle

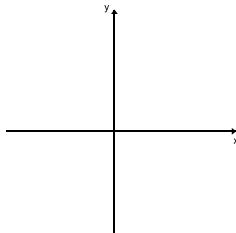

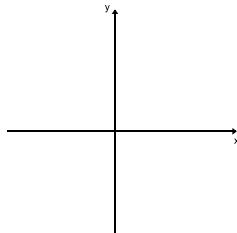

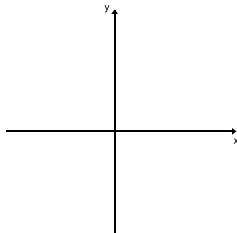

Related positive coterminal angle

Related positive coterminal angle

Name _____ Formative Assessment Coterminal Angles Date _____ Hour _____

Directions: State the negative coterminal angles related to each given angle

Sketch the angle on the coordinate grid

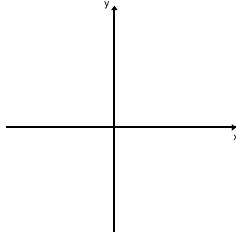

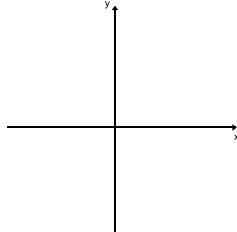

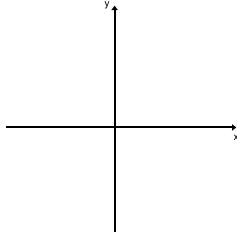

Angle 1 178°	Angle 2 $\frac{11\pi}{8}$ radians	Angle 3 3.4 radians
		

Related negative coterminal angle Related negative coterminal angle Related negative coterminal angle

Name _____ Formative Assessment Coterminal Angles Date _____ Hour _____

Directions: State the negative coterminal angles related to each given angle

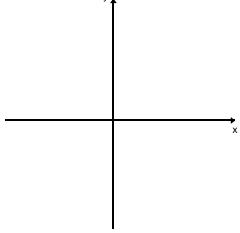

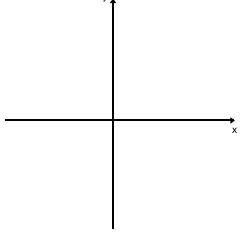

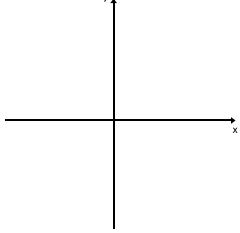

Sketch the angle on the coordinate grid

Angle 1 76°	Angle 2 $\frac{9\pi}{8}$ radians	Angle 3 5.6 radians
		

Related negative coterminal angle Related negative coterminal angle Related negative coterminal angle

Directions: State the positive coterminal angles related to each given angle

Sketch the angle on the coordinate grid

Angle 4 -294°	Angle 5 $-\frac{5\pi}{8}$ radians	Angle 6 -3.2 radians
		

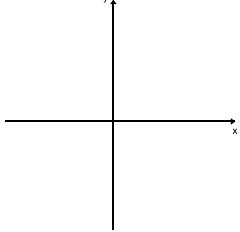

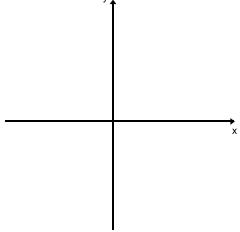

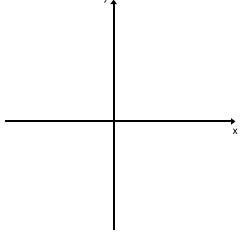

Related positive coterminal angle

Related positive coterminal angle

Related positive coterminal angle

Directions: State the positive coterminal angles related to each given angle

Sketch the angle on the coordinate grid

Angle 4 -104°	Angle 5 $-\frac{11\pi}{8}$ radians	Angle 6 -1.1 radians
